PROFILE

Describe yourself, your career and ambitions in a few sentences

I am a hardworking and dynamic individual who is passionate about animals. Due to my family background, I have grown up riding and looking after horses and other farm animals. Although I have little experience working in pig farming, I do have some experience with other livestock and horses. I have also worked in fast-paced environments and believe that I have the transferable skills for this industry.

I am looking to enter the pig industry and hope to gain new skills.

WORK EXPERIENCE

Most recent first

Include all experience in bullet-points
